

Guide Specification

A-80 ACCELERATOR

Non-Chloride Based Admixture for Concrete

{Note to Specifier: The paragraphs below are meant to be incorporated into Part 2 of a standard CSI 3 Part Format specification (normally 03 30 00), the General Structural Notes, or directly onto the plans. They must be carefully reviewed and edited by a qualified design professional to meet the requirements of the project and governing building codes. Coordinate with other specification sections and drawings.}
